# Nilfisk SC351

## Compact battery powered scrubber dryer

- Excellent performance, high productivity
- Ergonomic design
- Low maintenance costs
- Powerful brush motor
- Lightweight, easy to transport and store

The Nilfisk SC351 is a compact scrubber dryer that is the perfect solution to small area cleaning with an impressive brush pressure of 27kg. With its compact design it is able to clean in crowded places, under furniture and in tight areas where other scrubber dryers cannot reach. Ideally suited for quiet, efficient floor cleaning in hotel lobbies, shops, restaurants, schoolrooms for example.

A superb design combining compactness, excellent cleaning performance and drying efficiency which increases performance and lowers maintenance costs. The light weight body makes it easy to be folded up and stored or transported. This machines has an easy deck adjustment for perfect traction control and optima batteries are available for high productivity and constant performance levels.

No tools needed for daily operation, e.g. removal of solution and recovery tanks, removal and cleaning of the squeegee. Simply plug in to a power source to recharge the battery after use.
