| Dimensions (L x W x H) (mm) | 1040x727x1360 |

## Details

### Description

The HDS-C 9/15 stationary pressure washer offers all the benefits of the mobile HDS pressure cleaners whilst housing them within a robust, ergonomic cabinet. This provides several advantages, including protection against the environment, vandalism and theft. There is also a lockable operation panel to prevent unauthorised use. Operation is straight forward. A single switch enables the user to easily select the correct programme. During the cleaning process there is also a visual display that notifies the user of the current operating status. The HDS-C 9/15 features a 4-pole motor and 3-phase power supply and is ideal for the automotive market, hire companies and industry.
