

NUMATIC CT570-2/CTD570-2

- Compact**
- One or Two Motored Models**
- Tank Within A Tank Technology**

The Numatic CT570-2 and CTD570-2 have become a very popular contractors' extraction cleaner.

Manufactured from a full Structofoam construction is designed to take the heavy impacts that any machine will suffer in true commercial use.

The CT570 is available in both one and two-motored models both incorporating the Twinflo' and Powerflo' systems.

The countainers are also manufactured from the Stuctofoam materian and use the unique "tank within a tank" system to maintain a compact and usable size.

Advantages

Compact - Only 415x415x645mm, Small for a Powerful Vacuum

Versatility - Works on Hard Floors as Well as Carpets & Upholstery

Technology - Tank Within a Tank Technology

Performance - Twinflo' and Powerflo' Systems Used as Standard
