

# TRUVOX ORBIS 200/400/DUO

### Fantastic Manoevrability

### User Friendly

### Safety Measures

The Truvox Orbis series of single disc rotary machines incorporates exceptional handling and ease of use in a highly cost effective package.

Offering superb performance with a 1100 watt motor for excellent productivity and an off-set motor for ease of use and speed.

Excellent manoevrability is achieved by the ergonomic design and the balance of the machine combined with two large wheels. All controls are also conveniently positioned on the handle and are extremely user friendly.

Safety measures have also been accounted for such as a high visibility orange cable and a thermal cut out to protect the motor.

### Advantages

Safety - Thermal Cut-Out to Protect the Motor

Manoevrability - Excellent Movement Achived by Ergonomic

Robust - No Corrosion

User Friendly - Conveniently Placed, Easy To Use Controls

### Technical Data
