

## Carpex 12:270

Carpet, hard floor and upholstery cleaner

- Easy to switch from carpet to hard floor cleaning
- Adjustable brush pressure
- Narrow width
- Robust construction
- Rotating brush

The **Carpex 12:270** is a self-contained machine with rotating and height adjustable brush, designed for professional cleaning of small areas of carpet, hard flooring and upholstery.

A special device allows switching from carpet to hard floor cleaning by simply turning a lever. The rotating brush, with adjustable pressure, is able to keep clean both very dirty carpet and hard floors. Its small width (only 29 cm) allows the machine to be used also in very narrow rooms.

The Carpex 12:270 (previously The Sharon Brush) is also known as the Edge Carpetline 120BR
