

## Karcher IB 7/40 Adv

High pressure dry ice blasting unit

- Flat jet nozzle
- Electronic control
- Oil & water separator
- Tool bag
- Grease for nozzle threads

The Karcher Ice Blaster IB 7/40 Advanced is a high pressure ice blasting unit. The machine can be run from a smaller compressed air supply making the machine lighter. The ice blasting machine is a less aggressive way to cleaning but still provides excellent results.

It is suitable for cleaning tools, moulds, surfaces and machines with minimum downtime. No chemicals are required and the machine leaves no waste water, making it environmentally friendly and suitable for use in areas where water is prohibited or inconvenient. The ice blaster has outstanding mobility and is integrated with an oil and water separator.

# Technical data: Karcher IB 7/40 Adv

## Features:

## IB 7/40 Adv

Power rating (kW)	0.6
Compressed-air connection	Claw Coupling (DIN3238)
Housing / frame	Stainless Steel
Length of cord access (m)	7
Air pressure (bar/MPa)	2-10 / 0.2-1
Quality of air	dry & oil free
Air flow (m³/min)	0.5 – 3.5
Sound level (dB(A))	99
Dry ice capacity (Kg)	15
Dry ice pellets (diameter) (mm)	3
Dry ice consumption (Kg/h)	15-50
Weight without access (Kg)	70
Dimensions (L x W x H) (mm)	768 x 510 x 1100
