

Nilfisk SC450

Pedestrian scrubber dryer

- Excellent value for contract cleaners
- Ergonomic handle
- Excellent manoeuvrability
- Low noise levels
- Corrosion proof

The Nilfisk SC450 scrubber dryer combines performance, reliability, and productivity to create this outstanding cleaning machine. Designed and constructed with the contract cleaning sector in mind, it is competitively priced, highly durable and low-maintenance.

Low levels of noise for any time of the day cleaning.

Constructed from polyethylene corrosion proof moulded tanks ensures its long life and durability.

With an automatic vacuum shut off when the tank is full and the brushes and water turns off when in neutral, for energy conservation and ease of use.

Technical data: Nilfisk SC450

Features:

Nilfisk SC450

Squeegee width mm	760
Theoretical / actual surface performance (m ² /h)	2120 / 1062
Working speed (Km/Hr)	4
Tank capacity solution / recovery (l)	40 / 45
Voltage (V)	24
Brush speed (rpm)	150
Water flow (l/m)	0.4-1.6
Brush pressure (Kg)	34
Weight (kg)	94
Dimensions (L x W x H) mm	1174x760x980
