

## Carpex 50:300, 70:300 & 70:300HP

### Professional carpet extractor

- Cleans all types of carpet and upholstery
- Robust & durable
- Versatile all-purpose injection-extraction
- User friendly – easy to operate
- Excellent performance
- High suction and drying capacity
- Low noise level

Professional carpet extraction cleaners with very efficient vacuum motors for fast cleaning and drying of large carpeted areas and upholstery. They clean deep down to the carpet base, achieving maximum hygiene, stain removal, and dust removal.

**The Carpex 50:300** is an extremely quiet carpet extractor with a sound level of only 60dba which makes the machine ideal for daytime use in hotels, nursing homes, hospitals offices and shops.

**The Carpex 70:300** offers 2 vacuum motors which offer improved performance with a solution and waste tank capacity of 70 litres offers a good level of productivity.

**The Carpex 70:300HP** is a high performance carpet extractor with 2 vacuum motors and piston pump with adjustable pressure up to 28bar. Its enhanced performance makes it popular with cleaning contractors.

Carpex  
70:300HP

All machines have a recovery tank cut-off system and are supplied with wand, hand tool and hose. They also split into 2 sections for ease of transport.

## Carpex Hot Water Unit

The Carpex Hot Water Unit, available separately, can be mounted on to these machines to convert them into hot water carpet cleaners.
