

Commander Tri-Jet Fogger

Chemical fogger and humidifier

- Use for fogging or humidity control
- Mists up to 9m
- Suitable for indoor / outdoor use
- Works with any lightweight liquid
- Suitable for oil or water based solutions

The Commander Tri-Jet Fogger is suitable for chemical fogging (using pesticides, sanitisers etc) and can also be used for humidifying.

Suitable for use indoors and outdoors, with adjustable particles size and discharge rate, the Tri-Jet can mist up to 9 metres directionally.

Ideal for pest control and also for odour control and disinfecting or sanitising, e.g. in care homes, hotels, food plants etc.

Constructed from Aluminium, with fuel and oil resistant vinyl tubing and brass control valve and fittings.

The Tri-Jet is CE approved and can be used with water and oil-based liquids.
