

COVID-19 Safety Pack

A great value pack containing a variety of products for business and domestic users, to provide protection from COVID-19.

The COVID-19 Safety Pack Contains:

Protective Face Shield

Adjustable protective face shield with a rigid, durable visor made from 0.35mm PVC, designed for user comfort. Includes a spare PVC visor.

Hand Sanitisers

Sanitising hand gels containing 75% alcohol, supplied in 2 sizes: SS50 50ml (x2) and SS500 500ml

Face Masks (pack of 50)

Made to a high standard for civilian use (not for use in surgical / medical environments). Certified to standard GB/T 32610-2016

Washable Face Masks (pack of 5)

Machine washable facemasks with a twin layer (60% cotton / 40% polyester) and a breathing resistance of 1.1mmH₂O to protect against the spread of viruses. Designed with comfortable ear loops, these masks are suitable for all-day use and can be washed up to 30 times at 60°C.

Detox Anti Bac Wipes (pack of 80 sheets)

Hygienic wipes for hands and surfaces, in resealable pack.

Rapid Sanitiser Spray (400ml)

Surface disinfectant spray is ideally suited for use on hard surfaces, electronic equipment, handles and all touch points. Containing 70% alcohol.
