

## Edge Grimebuster Bowser Pressure Washer

### Trailer mounted pressure washer

- Pressure washer bowser
- Independent from power or mains water
- Centralised controls
- High powered trailer jetter

The Grimebuster is a trailer mounted hot water pressure washer, at the cutting edge of industrial, purpose built exterior cleaning equipment. Its powerful heavy duty pressure cleaning, independent of electrical and water supply, make the Grimebuster a machine to solve difficult cleaning problems, e.g. car park cleaning, cleaning building exteriors.

**Trailer mounted pressure washer, available to buy or hire.**

### Bowser pressure washer

This unique, purpose designed and built bowser pressure washer is designed for field operations. The Edge Grimebuster 200STMH features well proven Interpump Brass Head and Ceramic Piston Pump Unit as well as a 21HP Rugggerini Twin Cylinder Air Cooled Diesel Engine.

### Trailer mounted water jetter

The Grimebuster jetter trailer is designed to provide ample power for the toughest of cleaning jobs, it can be used with hot or cold water, or steam. Vibration free and with an engine operating noise level within 74dB, this is one of the quietest diesel powered higher pressure cleaners on the market today. The Grimebuster trailer power washer is suitable for any cleaning task and featuring a Leak Detection System and Frost Detection, can be used effectively in Agriculture, Plant Hire, Building and Construction – and much more.
