

Edge Leopard

Commercial pressure washer

- Corrosion-proof casing
- Centrally located controls
- Integral detergent tank
- Easy and safe to use
- Economical

The Edge Leopard electric power washer is manufactured to the highest quality for unbeatable reliability and dependable cleaning results. Compact and highly versatile, these commercial cleaning machines are light and highly manoeuvrable, so are easy to use in a variety of situations.

TX versions include a thermoplastic wheeled trolley, integrated chemical tank and hose holder and chemical injector, with an 8m high pressure hose and 2-piece lance assembly.

TSX versions also include an auto stop/start function with a 30 second delay.

As an added safety feature, the motor of this power washer is equipped with full overload protection.

Quality assured through compliance with CE regulations.
