

Wall Mounted Pressure Washer – Edge Puma

Industrial pressure washer – wall mounted

- Powerful and compact
- Economical – auto stop / start
- Flexible – variable water flow and pressure
- Safety – motor overload protection
- Save time – quick change gun, lance & hose

The EDGE Puma Series is a range of compact wall-mounted, industrial cold water pressure cleaners with user friendly functions and a range of specifications to cater for medium heavy to heavy cleaning needs.

Powerful, robust and durable, the EDGE Puma series delivers high performance in a space saving design. Fitted with an overload protected motor and anti-corrosion pumps, the Edge Puma offers the ultimate in versatile cold water high-pressure cleaning. Some models allow use by 2 operators simultaneously.

Manufactured and supplied direct from B&G Cleaning Systems.
