Edge Tiger II HD Industrial pressure washer

- Robust and ergonomic design
- Easy maintenance
- High capacity tanks
- Late shutdown protection
- Swivel fitting between hose and gun
- Adjustable detergent delivery

The quality of build of the Tiger II HD industrial washer is exceptional and is a machine designed to give many years of service. The emphasis is on ease of use and maintenance, to reduce the strain on the operator and the pocket.

With its linear pump and 4 pole electric motor, the Tiger II HD uses only the best components for a pressure washer in its price range.
