

Ehrle KD940F Series 3x3 Food Area High Pressure Cleaner

Cold water pressure washer designed for use in the food industry

- High pressure cleaner for food preparation areas
- Designed for continuous use, 10-14 litres/min
- Self-supporting rotation moulded chassis
- 2 large rubber wheels for uneven floors
- Start-stop system with switch-off delay
- Rotary on/off switch, robust and lockable
- Premium option with additional accessories

Ehrle KD940-F pressure washers are professional grade portable pressure cleaners, designed to be corrosion-free for use in food preparation areas.

This series 3 pressure cleaner has self-supporting robust rotation moulded chassis with impact-resistant cover made of ABS, triplex piston pump with brass pump head, nickel plated high performance ceramic piston, stainless steel valves & leakage return.

These operator friendly machines have start-stop system with switch-off delay and total switch off after 20 mins as an additional safety precaution. These machines have a robust rotary on/off switch, accessory storage space, 5m cable and removable ergonomic drawbar.

Supplied with a 10m abrasion resistant high-pressure hose, trigger gun with swivel and a double spray-lance with nozzle protection. Additional features include a triplex piston pump with chrome / nickel plated pump head (hot water resistant) stainless steel jet nozzle, 15 litre cleaning-detergent tank. The detergent supply has a low pressure injector and metering valve.

The KD940-F premium version includes:

Extended 15m HP hose and hose reel. High and low pressure jet nozzles, a soft foam kit with 2 litre foam detergent tank, 17 litre water tank, water supply separation and chemical supply in high-pressure jet, with metering valve.

Technical data: Ehrle KD940F Pressure Cleaner

Features:	KD940F	KD940F Premium
Operating pressure, adjustable	30-190 bar / 3-19 MPa	30-190 bar / 3-19 MPa
Max Flow (ltr/hr)	300-840	300-840
Voltage	3/400v	3/400v
HP hose (m)	15	15
Max inlet temperature (°C)	80	80
Pump speed (rpm)	1400	1400
Connected load	3.5Kw / 8.1A	3.5Kw / 8.1A
Dimensions (LxWxH) mm	805x485x950	830x485x950
Weight (Kg)	54	58
