

Heavy Duty Petrol Trolley Pressure Washer

Honda powered industrial pressure washer

- Easy start valve
- Petrol engine
- Excellent manoeuvrability – large wheels
- Robust frame
- Highly versatile
- Interpump quality pump

This industrial pressure washer is gearbox driven, with a powerful Honda petrol engine. It is a powerful cleaning machine that is built to “HIRE” specification, with a rugged and robust frame design incorporating machine protection. Perfect manoeuvrability is achieved with large wheels placed on the front of the frame and handle bars with comfort grip, allowing for easy tilt forward and push movement minimising strain and fatigue on the operator.

This pressure washer machine offers a comprehensive performance of up to 11HP GX340.

Fitted with the highly acclaimed Interpump Quality pump unit.
