

## Honda Petrol Frame Pressure Washer

Industrial power washer

- Robust, powder coated frame
- Powered by Honda petrol engine
- 13" Pneumatic wheels & jockey wheel
- Built to hire spec – made to last
- Highly versatile
- Interpump quality pump

The Honda petrol frame pressure washer features a versatile petrol driven power washer inside a powder-coated trolley-frame, suitable for heavy duty industrial and commercial cleaning.

This powerful cleaning machine is built to "HIRE" specification, with a rugged and robust frame design incorporating machine protection. An industrial power washer offering a comprehensive performance.

Fitted with the highly acclaimed Interpump plunger pump unit, and driven via a gearbox with the ultra-reliable Honda engine.

Additional features include high pressure and low pressure nozzles, a low-pressure chemical injector, and a suction hose with filter.
