

Honda Petrol Trolley Pressure Washer

Engine driven industrial pressure washer

- Powered by Honda petrol engine
- Robust frame
- Excellent manoeuvrability – large wheels
- Highly versatile
- Interpump quality pump

The Honda petrol pressure washer is an industrial strength petrol driven pressure washer. This powerful cleaning machine is built to “HIRE” specification, with a rugged and robust frame design incorporating machine protection. Large 13” pneumatic wheels provide excellent manoeuvrability and ease of transport.

This pressure washer machine offers a comprehensive performance of 5.5HP GX160.

Fitted with the highly acclaimed Interpump Quality pump unit, and driven via a gearbox with a Honda Engine.

Additional features include a brass head, ceramic pistons, an adjustable integral or bolt-on unloader, easy bleed valve, suction hose with filter and a gun lance with 10m hose.
