

## Karcher B 60 W

### Eco-friendly pedestrian scrubber drier

- Pre-sweeping for coarse particles
- Adjustable brush contact pressure
- Maintenance free battery or mains powered
- Tank rinsing system
- Traction drive and KIK key system
- Qualifies for ECA \*

The Karcher B 60 W walk-behind scrubber drier includes a roller brush system (with pre-sweep function for coarse particles), adjustable brush contact pressure, 65 cm working width, traction drive and KIK key system for protection against incorrect operation, available maintenance-free battery (24 V, 180Ah) (BP) and mains powered (EP) models.

Additional features available for the B 60 W BP include eco!efficiency mode, which extends battery life, tank rinsing system for automatic cleaning of the dirty water tank without splash back, auto-fill function and DOSE cleaning agent dosing system for direct dosing from the cleaning agent container. This machine is available with a range of different equipment and features, e.g. different batteries, cable version or 55 cm working width.

The Karcher B 60 W qualifies for the Enhanced Capital Allowance scheme and is also on the water technology list. See more information about [ECA](#).

# Technical data: Karcher B60

## Features:

## B 60 W

Working width, brush (mm)	850
Fresh/Waste water tank (l)	60/60
Theoretical area performance(m2/h)	2600
Brush rotation speed (rpm)	600 – 1200
Brush contact pressure (g/cm2)	222 – 226
Battery voltage (V)	24
Motor rating	2100
Frequency (Hz)	50
Weight (Kg)	109
Dimensions (LxWxH) (mm)	1490 x 748 x 1147
Voltage (V)	100 / 240
Battery capacity (Ah)	180
Battery voltage (V)	24
