

Karcher B 80 W

Pedestrian scrubber drier with traction drive

- Pre-sweep function for coarse particles
- Easy to operate, maintenance free battery
- Automatic squeegee raising and lowering
- Qualifies for ECA *

The Karcher B 80 W Bp scrubber drier has a roller brush system (including pre-sweep function for coarse particles), fully automatic squeegee raising and lowering function, 65 cm working width, large LCD colour display, traction drive and KIK key system for protection against incorrect operation.

Extra features of the B 80 W BP Pack include: eco!efficiency mode, to extend battery life, tank rinsing system for automatic cleaning of the dirty water tank without splash back as well as auto-fill function for convenient filling of the water tank.

This floor cleaning machine is available with a range of different equipment and features, e.g. choice of 4 batteries, cable version, DOSE cleaning agent dosing system, or 55 cm working width option.

The Karcher B80W qualifies for the Enhanced Capital Allowance scheme and is also on the water technology list. See more information about [ECA](#).
