

## Karcher KM 100/100

### Ride-on vacuum sweeper

- Battery, diesel or petrol operated
- Suitable for indoor or outdoor applications
- Automatic filter cleaning
- Forward or reverse travelling
- Large 100 litre hopper
- Pneumatically controlled side brush
- Adjustable suction power

The Karcher KM 100/100 is a ride-on vacuum sweeper which provides excellent cleaning results and is the perfect solution for medium sized cleaning jobs and continuous daily cleaning applications. With a 700mm working width the KM 100/100 makes light work of cleaning warehouses, sports centres, service stations, shopping malls and factories.

This machine's excellent equipment is what makes it so productive, with such features as a 18% hill climbing ability enabling it for uneven flooring and the ability to reverse as well forward movement.

With a multitude of operator controls makes this machine easy to operate and increase the time it takes to clean.
