

## Karcher KM 120/150

Battery, petrol or diesel ride-on vacuum sweeper

- Suitable for indoor or outdoor applications
- Forward or reverse drive
- Automatic filter cleaning
- Large 150 litre hopper
- Adjustable suction power

The Karcher KM 120/150 is a ride-on vacuum sweeper which is suitable for both indoor and outdoor cleaning applications and is capable of continuous daily cleaning.

It is excellent for cleaning, with its 850mm working width making light work of cleaning warehouses, sports centres, service stations, shopping malls and factories.

Having multiple operator controls makes this machine easy to operate and increase the time it takes to clean, also the equipment makes it productive, with such features as a 12% hill climbing ability enabling it for uneven flooring and the ability to reverse as well forward movement.
