

## Karcher City Sweeper MC 130

2-seater ride-on municipal sweeper

- Outdoor municipal sweeper
- Suitable for road sweeping, pavements, parks
- Low-vibration for operator comfort
- Low noise level
- Multi-function display in steering wheel
- 1300 litre waste container
- 25% hill climbing ability

The MC 130 is a 3.5-tonne class sweeper and is the only 2-seater sweeper in this category. The 2-person cab offers all-round visibility and a pleasant working atmosphere year round, thanks to the extra comfort seat, heater and air conditioning. Suitable for use on roads and pavements, the MC130 can be driven forwards and backwards and the hydraulic traction drive enables it to climb up to 25%.

The MC 130 has a range of attachments enabling it to be used for grass cutting, snow clearing etc.

The hydrodynamic 4-fold suspension ensures low-vibration ride comfort and a low noise level. The unique multifunction display is integrated into the steering wheel, so it is always in view of the driver during operation. Controls on the arm rest enable easy brush control.

The generous sweeping container can be quickly mounted or dismounted without tools using the integrated, hydraulically tiltable attachment frame. The brush system can also be removed quickly, using a trolley.

Operators can switch to ecoefficiency mode, enables the best sweeping performance and efficiency with optimal motor speed and hydraulic performance.

The permissible total weight of the MC 130 is less than 3.5 tonnes. Note: Operators require a category B driving licence.
