

## Karcher NT 48/1

### Multi-purpose vacuum cleaner

- Suitable for wet and dry applications
- Large capacity container
- Safety class II

The Karcher NT 48/1 is a compact all purpose vacuum cleaner with a high capacity container of 48 litres.

It is designed for all wet and dry applications and is equipped with an automatic cut off facility, for when it reaches its maximum fluid capacity. The fluid can then be drained in a safe and clean manner with its drainage hose. It is a professional machine that provides high powered suction that can pick up large quantities of wet or dry dirt easily.

The Karcher NT 48/1 also has a 110V power supply model available instead of the standard 240V.
