

MAC Drop Revolution

Industrial hot water mobile pressure washer

- Efficient M1 boiler system
- Annovi Reverberi Pump
- High pressure detergent system
- GRP plastic cover and chassis
- Auto stop / start system
- "PLUS" option with additional features

The MAC Drop Revolution is a mobile hot water mobile pressure washer that is equipped with many features making it an excellent cleaning machine. Features include an efficient M1 boiler system with double spiral coil and a high pressure chemical system, with 7 litre internal detergent tank.

Powerful cleaning is achieved by the high quality industrial low revving 4 pole electric Nicolini motor and Annovi Reverberi RC 11.17 pump. Excellent water flow of 11ltrs per minute and pressure of 120bar / 1740psi.30 second auto stop / start.

The machine is heavy duty and designed for tough terrain with its sturdy GRP chassis and cover supported by 4 large robust tyres. Supplied with a 10 metre high pressure hose, single lance and heavy-duty trigger.

The MAC Drop Revolution PLUS includes additional efficiency / safety features: leak detection system, flame failure and burner shut down system.

The MAC Drop Revolution is supplied from stock in grey, (PLUS version in blue), with other colours available on request.
