

MAC Plantmaster

Professional hot static pressure washer

- Suitable for daily heavy industrial cleaning
- Weather-proof powder coated steel cabinet
- Stainless steel cabinet (SS version)
- Lockable controls and steel door
- 31 litre fuel tank with low level sensor
- Auto stop / start
- User friendly control system MAC21TECH

The MAC Plantmaster is a practical and effective industrial pressure washer, designed to be robust and reliable, for regular heavy duty industrial cleaning. The Plantmaster delivers water flow from 12 – 21 litres per minute and pressure from 100 to 200 bar.

Standard features of this hot static pressure washer include:

- Professional Interpump with ceramic pistons, Industrial 1450rpm 4 pole electric Nicolini motor
- Automatic stop/start system, MAC high efficiency boiler system
- Full frost protection and cabinet insulation, Internal break water tank
- 31 litre easy fill fuel tank with low level sensor, High pressure chemical system
- Burner control with ST7 flow switch and thermostat
- 24v low tension safety controls, Lockable control panel

Plantmaster cabinet options

Standard: Powder coated steel, with high quality matte paint finish and zinc phosphate steel pre-treatment for weather proofing

SS: High quality stainless steel cabinet, guaranteed rust-proof, suitable for all environments

Bespoke options and accessories include:

- Internal and external hose reels
- Upgraded fuel and water tanks
- Key fob and remote-control systems
- Timed and non-timed chemical systems
- Bulk fuel, chemical or water supply
