

MAC SW70R STYLE

Industrial ride-on sweeper

- Battery or petrol powered
- Highly manoeuvrable
- Heavy duty chassis
- Hopper lifting flap for waste collection
- Forward / reverse traction

The MAC SW70R STYLE are industrial sweepers, available in battery, petrol or diesel powered models, that are equipped with many features making it an excellent cleaning machine, ideal for heavy-duty industrial applications. The large 1150mm maximum sweeping width provides a large coverage area of cleaning, increasing productivity. The waste is collected in a large 62 litre hopper meaning less time is required emptying the waste.

The MAC SW70R STYLE models are highly manoeuvrable and easily controlled by the operator through the simple mechanical operation panel and indicators, including hour counter and battery level. Health and safety are covered with multiple features such as; seat safety sensor, safety horn, rear light and parking break.
