

## MAC SW70R

### Industrial ride-on sweeper

- Battery or petrol powered
- Highly manoeuvrable
- Heavy duty chassis
- Hopper lifting flap for waste collection
- Forward / reverse traction

The MAC SW70R is an industrial sweeper, available in battery and petrol powered models, that are equipped with many features delivering superior cleaning performance, ideal for heavy-duty industrial areas such as agricultural. The large 1150mm maximum sweeping width provides a large coverage area of cleaning, increasing productivity. The waste is collected in a large 62 litre hopper meaning less time is required emptying the waste. The hopper lifting flap enables the collection of larger debris.

MAC SW70R machines are highly manoeuvrable and easily controlled by the operator through the simple mechanical operation panel and indicators, including hour counter and battery level indicator. Health and safety aspects are covered with multiple features such as a seat safety sensor, safety horn, rear light and parking brake.

Constructed with a robust full steel chassis and side panels, the SW70R has forward and reverse traction and electronic speed control. Supplied complete with PPL main brush & side brushes, and 6 polyester cartridge filters, a range of optional accessories is also available, including a front light, flashing beacon, reversing buzzer, non-marking wheels and additional filters and brushes.

MAC SW70R sweepers can be combined with a vacuum cleaning kit to improve waste collection and overall cleaning quality.

## Technical data: MAC SW70R

Features:	MAC SW70RB	MAC SW70RP
Sweeping Width Centre Brush	700mm	700mm
Sweeping Width with Side Brushes	1150mm	1150mm
Side Brush Width	420mm	420mm
Filter Surface Area	6mt/sq	6mt/sq
Working Capacity	6,200m <sup>2</sup> per hour	7,700m <sup>2</sup> per hour
Waste Hopper Capacity	62lt	62lt
Power Supply	Battery – 2 x 12v 180ah	Honda 5.5hp Petrol
Traction Drive	Forward and Reverse	Forward and Reverse
Weight	256kg	288kg
Dimensions (H x W x D)	114 x 91 x 143cm	114 x 91 x 143cm
