

MotorScrubber Handy

Handheld scrubber, battery powered

- Versatile multipurpose scrubbing tool
- Compact and waterproof scrubber
- Ergonomic design
- Rechargeable battery
- Cleans tiles, grout, ovens and more

The MotorScrubber Handy is a powerful hand held scrubber suitable for use on a wide range of surfaces. Compact in size and weighing only 300g, the Handy is comfortable to use and has a 1 hour runtime, recharging in only 3.5 hours.

The Handy is waterproof and suitable for use in kitchens, bathrooms and also for vehicle cleaning. It can reach into the smallest corners and crevices, as well as cleaning larger surfaces like bathtubs and worktops.

Key features of the Handy scrubber:

- Interchangeable pads and brushes
- Fully submersible in water (IPX7 rated)
- Easy reach, sealed, on/off switch
- Anti-slip rubber finish for optimal grip
- Easy access battery compartment

The Handy starter kit includes:

- Battery & charger
- Crevice brush
- Long bristle brush
- Pad holder
- Scouring pad
- Handy unit & hard brush

Additional accessories available including spare batteries, deep clean pads, soft brush / polishing set, and a large brush / buffing set.

All MotorScrubber machines are designed and built in the UK.
