

## Nilfisk SC2000 Scrubber Dryer

Micro ride on scrubber dryer

- Outstanding performance, high productivity
- Compact and ergonomic design
- Ecoflex system
- 30kg brush pressure
- Powerful brush motor

The Nilfisk SC2000 is a micro ride on scrubber dryer that is the ideal solution for mid sized area cleaning such as hospitals, schools, offices, hotels and restaurants. Its brush pressure of 30kg combined with a 70 litre water/recovery tank and up to 4 hours operation time makes this machine highly productive.

The SC2000 produces excellent cleaning results due to its effective use of water and detergent. The water and solution flow rate is determined by the speed of the machine, optimising overall consumption of water and chemicals.

The machine has sustainable qualities with its Ecoflex system that has flexible detergent settings and water only cleaning options and a self-adjusting brush speed that changes according to the floor type and application, reducing energy consumption.
