

Nilfisk SC401

Compact walk-behind scrubber dryer

- Efficient floor scrubber / dryer
- Compact and easy to manoeuvre
- 43cm scrub deck, with brush or pad
- Powerful vacuum cleaning and drying
- Easy to change cleaning settings
- Cable and battery powered options

The Nilfisk SC401 walk-behind floor scrubber dryer is a compact machine, ideal for daily cleaning in offices, shops, hospitals, hotels, schools etc. Extremely quiet in use, the SC401 can be used in public areas, even those which are noise-sensitive. Nilfisk's latest technologies make this a very productive floor scrubber.

The 43 cm scrub deck is equipped with brush or pad, and the curved squeegee system leaves floors completely dry. The light weight squeegee with no-hose connection and Nilfisk's patented elastic strap system makes squeegee maintenance easy. The OneTouch™ button activates all functions with one click and the settings can be changed using 3 buttons on the dashboard, making the SC401 easy to use with very little training.

The machine is offered in both cable and battery versions, with the battery powered version providing up to 4 hours of continuous scrubbing and drying. The battery version is available also with traction to maximize use.

Large solution tanks enable up to 100 minutes cleaning before refilling and the detergent mixing system prevents overuse of chemicals, better for the environment and controlling your cleaning consumables costs.

Technical data: Nilfisk SC401

Features	SC401 43B	SC401 43BD	SC401 E PH
Brush type	1 disk	1 disk	1 disk
Brush/pad diameter (mm)	430/430	430/430	430/430
Brush pressure (kg)	24	24	30
Brush speed (rpm)	140	140	170
Water flow (L/min)	0.3/ 0.7/2	0.3/ 0.7/2	0.3/ 0.7/2
