

Nilfisk SC6000 Scrubber Dryer

Ride-on scrubber dryer

- Large area floor cleaning machine
- Consistent cleaning results on all types of surfaces
- Solution flow auto-adjusts according to speed
- One-touch installation of brushes or pad holders

The Nilfisk SC6000 Ride-on Scrubber Dryer has size, speed and power to clean large indoor floor areas, and is built to last with limited need for servicing and maintenance so reducing ongoing running costs and downtime.

The SmartFlow™ system automatically adjusts solution flow according to speed, and the optional Ecoflex™ system saves even more water, detergent and power.

A robust machine, the SC6000 is suitable for factories, warehouses, airports, logistics and other large industrial floor cleaning. Rugged steel doors, with rollers, protect the scrub deck and side skirts to minimize the risk of machine or facility damage. The SmartKey™ system has 2 levels of access, with an OLED display visible in all conditions. Solution and recovery tanks hold 190 litres, and the limited use of water and detergent results in fewer dump and refill cycles. Service and maintenance is assisted by the embedded diagnosis system and “no-tool” servicing for most regular operations. All of this results in minimal downtime and higher productivity.

The SC6000 is available in 3 versions: 86 cm or 105 cm dual disc deck or 91 cm dual cylindrical brush deck. Optional dual turbine for best drying performance.

Technical data: Nilfisk SC6000 Scrubber Dryer

Features: SC6000	860D	910C	1050D
Scrubbing width (mm)	863	914	1016
Squeegee width (mm)	1090	1230	1230
Theoretical / actual coverage (m2/h)	7740/5420	8190/5730	9450/6620
Max working speed (km/h)	9 fwd / 4.2 rev	9 fwd / 4.2 rev	9fwd / 4.2rev
Sound pressure level at 1.5m (dB(A))	69	69	69
Tank capacity solution / recovery (L)	190/190	190/190	190/190
Hopper Volume (L)	–	12.2	–
Rated Power (W)	2500	2700	2700
Battery capacity (Ah/5)	320	320	320
Brush/pad diameter (mm)	430	180	508
Brush pressure (kg)	up to 135	up to 90	up to 130
Brush motor (W)	750x2	750x2	750x2
Brush speed (RPM)	250	760	250
Vacuum motor power (W)	600	600	600
Dimensions L x W x H (mm)	1780x990x1580	1780x1170x1580	1780x1170x1580
Gross weight (gvw) (kg)	1070	1075	1070
