

Nilfisk SC800 Scrubber Dryer

Heavy duty walk-behind floor scrubber

- Designed for maximum cleaning & drying
- Suitable for large area cleaning
- Eco friendly, can clean with water only
- Low maintenance
- 95L solution and recovery tanks
- Wide scrubbing path and adjustable pressure

The Nilfisk SC800 scrubber dryer is a large walk-behind scrubber dryer which can cover large floor areas, for routine cleaning and also heavy scrubbing, to remove grease, spills and to clean grout and porous surfaces.

Features include a powerful brush and vacuum motor and the option to use up to 77Kg downward pressure. The Ecoflex system allows the operator to manage water consumption by adjusting the settings to suit the floor surface and type of dirt being cleaned, with the option for an extra power burst for heavily soiled areas.

Ergonomically designed, and with a low noise level, the SC800 is easy to manoeuvre and the scrub deck has removable covers to prevent damage to walls and doors, whilst providing easy access for maintenance. Grey, non-marking tyres also provide excellent traction.

The high capacity solution tanks, with simultaneous dump and refill process, offer higher productivity. The squeegee system provides 100% water pick-up so floors are clean and dry in no time and the built in squeegee hanger makes it easy to move through doorways and tight spaces. Optional Ecoflex chemical kit available.

Choose from the SC800-71C (cylindrical brushes) or SC800-86 (disc brush version with adjustable pressure and click on-off brush).

Technical data: Nilfisk SC800 Scrubber Dryer

Features:	SC800-71C	SC800-86
Scrubbing width / Squeegee width (mm)	710 / 910	860 / 1050
Theoretical / Actual Productivity rate (m ² /h)	4120 / 2470	4990 / 2990
Max working speed (km/h)	5.8	5.8
Sound pressure level at 1.5m (dB(A) ISO 3744)	61	61
Max working speed (km/h)	5.8	5.8
Tank capacity solution / recovery (L)	95/95	95/95
Power source, battery (V)	24	24
Brush type	2 Cylindrical	2 Disc
Brush / pad diameter (mm)	–	430/432
Brush pressure (Kg)	36	36-77
Brush motor (W) / Speed (RPM)	2 x 560 / 840	2 x 550 / 270
Vacuum motor power (W)	490	490
Traction motor power (W)	300	300
Dimensions L x W x H (mm)	616x362x362	616x362x362
Weight (kg)	174	170
