

Nilfisk SW200 / SW250

Manual indoor/outdoor sweeper

- Push sweeper for indoor and outdoor cleaning
- Cleans floors 6x faster than a broom
- A quiet, cost saving option for daytime cleaning
- Soft grip adjustable handle
- 38 litre hopper

Nilfisk SW200 and SW250 manual sweepers are easy and economical to use, with a robust stainless steel frame and simple mechanical design, which is easy to maintain. Light, compact and with an adjustable handle (3 height positions), this sweeper collects dust, debris and larger items of waste, 6 times faster than a standard broom, and can be used in small and congested spaces.

The ideal choice for cleaning indoor and outdoor surfaces in a range of commercial premises e.g. factories, schools, car parks, shopping centres, schools etc. with a robust frame and large non-marking wheels, making pushing and steering easy for the operator. The in-built dust filter improves dust control and creates a better environment for the user.

These floor sweepers are virtually service free, with no motor or battery to maintain, just a simple mechanical construction with gear and belt drive.

The hopper remains in place even when the sweeper is stored in an upright position or hung on the wall.

Technical data: Nilfisk SW200 / SW250

Features:	SW200	SW250
Working width – with 2 side brooms (mm)	N/A	920
Working width – with right side broom only (mm)	700	700
Main broom (mm)	480	480
Theoretical surface performance main broom (m2/h)	1920	1920
Actual surface performance main broom (m2/h)	960	960
Hopper volume (l)	38	38
Dimensions L x W x H (mm)	1470 x 850 x 1120	1470 x 850 x 1120
Weight (kg)	19.5	20
