

## TomCat Hero EDGE

### Large pedestrian scrubber drier

- Large walk-behind floor scrubber
- Simple, robust construction
- Durable and easy to use
- Low water and chemical usage
- Rectangular oscillating scrub deck
- Powerful motor

The TomCat HERO scrubber dryer features the innovative rectangular EDGE scrub deck, which works with an oscillating plate and a range of pads to clean right up to the floor edge and into corners.

TomCat EDGE oscillating scrubbers utilise latest technologies for outstanding scrubbing of all types of floor. With EDGE technology, it's possible to remove layers of old floor polish, renovate painted floors, polish natural stone and also polish concrete floors, leaving them ready for re-sealing.
