

## TomCat MicroMini EDGE

Compact scrubber dryer with EDGE scrub system

- Battery powered walk-behind scrubber drier
- Two scrub widths, 51cm and 61cm
- Adjustable electronic brush pressure
- 24v battery pack
- Features the EDGE oscillating scrub head
- Easy to manoeuvre into tight corners
- Powerful traction motor

The TomCat MicroMini EDGE is a compact, battery powered pedestrian scrubber dryer.

The EDGE scrub system creates an orbital scrubbing action, combined with heavy brush pressure to scrub or strip all types of floor, using less water and chemicals. The design of the scrub deck enables scrubbing right up to edges and in tight corners.

Manufactured with a thick steel frame and impact resistant plastic, the TomCat MicroMini floor scrubber is robust and easy to use. A large range of different pads and tools are available.

## Technical data: TomCat MicroMini EDGE

Features:	MicroMini
Scrubbing width (mm)	500 /600
Scrub system	Oscillating EDGE technology
Scrub speed (rpm)	2500 / 2900
Power (V)	24 (2 x 12)
Brush pressure (kg)	68
Tank capacity solution / recovery (l)	38
Run time – up to (hrs)	1.5 – 2
Dimensions L x W x H (mm)	1060x530x910
Weight (kg)	195
