

Truvox Orbis 200/400/Duo

User friendly floor scrubber / polisher

- High pad / brush pressure for effective cleaning
- Ergonomic design for excellent movement
- Safety measures – thermal cut-out
- Robust floor buffer – no corrosion
- Conveniently placed, easy to use controls

The Truvox Orbis single disc rotary floor cleaners (43cm/17" models) incorporate exceptional handling and ease of use in a highly cost effective package. Superb performance with a 1100 watt motor for excellent productivity and an off-set motor for ease and speed of use.

Excellent manoeuvrability is achieved by the ergonomic design and the balance of the machine combined with two large wheels. All controls are also conveniently positioned on the handle and are extremely easy to use. Safety measures include a high visibility orange cable and a thermal cut out to protect the motor. Low vibration levels mean greater user comfort on long cleaning shifts.

The 200 and 400 models are single speed and the Duo combines the best features of both. Optional solution tank available for single disc rotary cleaner, enables wet scrubbing. Optional spray attachment and additional accessories if required.

The Truvox Orbis is available to buy or hire – see our [cleaning equipment hire price list](#).
