

Truvox Orbis Eco

Single disc rotary floor cleaner

- Cleans and polishes hard floors
- Ergonomic design for ease of use
- Low vibration levels for operator comfort
- High pad/brush pressure for effective cleaning
- Optional solution tank for wet scrubbing

The Truvox Orbis eco single disc rotary floor cleaner is ideal for use by cleaning contractors, e.g. in the retail, education and healthcare sectors, for cleaning and polishing all types of hard floor. The ergonomic design, excellent handling and low vibration levels mean that it is efficient and comfortable for use over long periods.

These 17" rotary cleaners are available in 200 rpm, 400 rpm and dual speed and the 1100w motor ensures high productivity. Supplied ready-assembled with handle and includes driveboard, so this machine is ready to go!

The handle height is adjustable to suit individual operators' needs and the handle also folds flat for easy storage. There is also a dual handed safety lock and dead man's switch on the handle, for operator safety. Large rear wheels make the Orbis Eco easy to manoeuvre.

The Eco Duo dual speed floor cleaner enables cleaning / maintenance and renovation activities, all in one machine.

A full range of accessories is available including an optional solution tank for wet scrubbing.
