

Truvox Valet Battery Upright Vac

Lightweight vacuum with carry handle

- Lithium ion battery with 60+ mins running time
- Self adjusting nozzle to clean all types of flooring
- Fitted squeegee for hard floor cleaning
- Lays flat for cleaning under beds and table
- Edge cleaning feature

The Truvox Battery Upright Vacuum is designed for commercial use, e.g. offices, schools, colleges, and care homes, particularly where power is not easily accessible or where trailing cables could pose a risk.

The lithium battery includes a battery level indicator and provides 60+ mins running time. At only 5kg, this upright vacuum is easy to transport and manoeuvre into corners, under furniture etc and cleans right up to walls and furniture.

Cleaning Show 2017 award winner in the carpet cleaning category.
