

Viper AS6690T/AS7690T Scrubber Drier

High performance hard floor cleaner

- Suitable for heavy duty floor scrubbing
- Battery powered walk behind floor scrubber
- Large tank capacity
- Traction drive
- Dual brush decks with adjustable brush settings
- Eco and Silent cleaning modes

Viper AS6690T (66cm cleaning width) and AS7690T (76cm) battery powered scrubber driers are high-performance scrubbers, with dual brush decks, for cleaning medium to large floor areas. Suitable for use by facilities managers and contract cleaners for routine cleaning and heavy-duty scrubbing.

The traction motor and ergonomic design make these scrubbers comfortable to use over longer periods, and the machine speed of up to 4km per hour enables fast, effective cleaning. Daily maintenance is quick to do, no tools needed.

6690T / 7690T features include:

- Brush-pressure settings are adjustable to suit the type of dirt being cleaned
- Optimally controlled detergent usage
- Eco mode enables cleaner for longer periods
- Silent mode enables use in noise-sensitive areas
- The solution tank, battery and other components are easy to access
- Tool-free squeegee-blade removal
- User friendly, intuitive controls and LCD display for ease of operation

Standard accessories include:

- Pad drivers and brush deck skirt
- Recovery tank debris tray
- Front and rear squeegee blades

Battery / Charger pack (additional cost)

- 4 x 6v 180a/h gel batteries and charger
